

A diagram of a room with a door and a circled number 2.

A diagram of a room with a grid floor. A circle with the number 6 is in the center. There are two doors on the left wall and one door on the right wall. A small table is near the right door.

A diagram of a building facade. It features three doors and two windows. The doors are located at the bottom, with the leftmost and middle doors having small rectangular windows above them. The windows are located above the doors, with the leftmost and middle windows having small rectangular windows above them. The facade is divided into sections by vertical lines. The leftmost section is a triangle, the middle section is a rectangle, and the rightmost section is a trapezoid. The background is a light blue grid.
